### PechaKucha Origins

PechaKucha began because, well, because people talk too much!

In 2003, yearning for “More show. Less tell,” architects Astrid Klein and Mark Dytham of Tokyo’s [Klein Dytham architecture](#) invented PechaKucha. The initial purpose: to streamline long design presentations. Sessions soon morphed into happenings: PechaKucha Nights -- first in Tokyo, then around the world. Today, more than 50,000 people present at 1,100+ global PechaKucha Nights every year. And the number keeps exploding. Today schools and business use PechaKucha to creatively and effectively engage students and employees on a range of subject matters.
